CONCEPT

Since 2004, we've been living a dream

wishing not to wake up. ... 10 years later

Home Concept embraces everyone in a

luminous reality, full of new ideas and

brehtaking patterns. Everything we do is

very special so that you feel special too ... year

after year we combine sensations, energy and

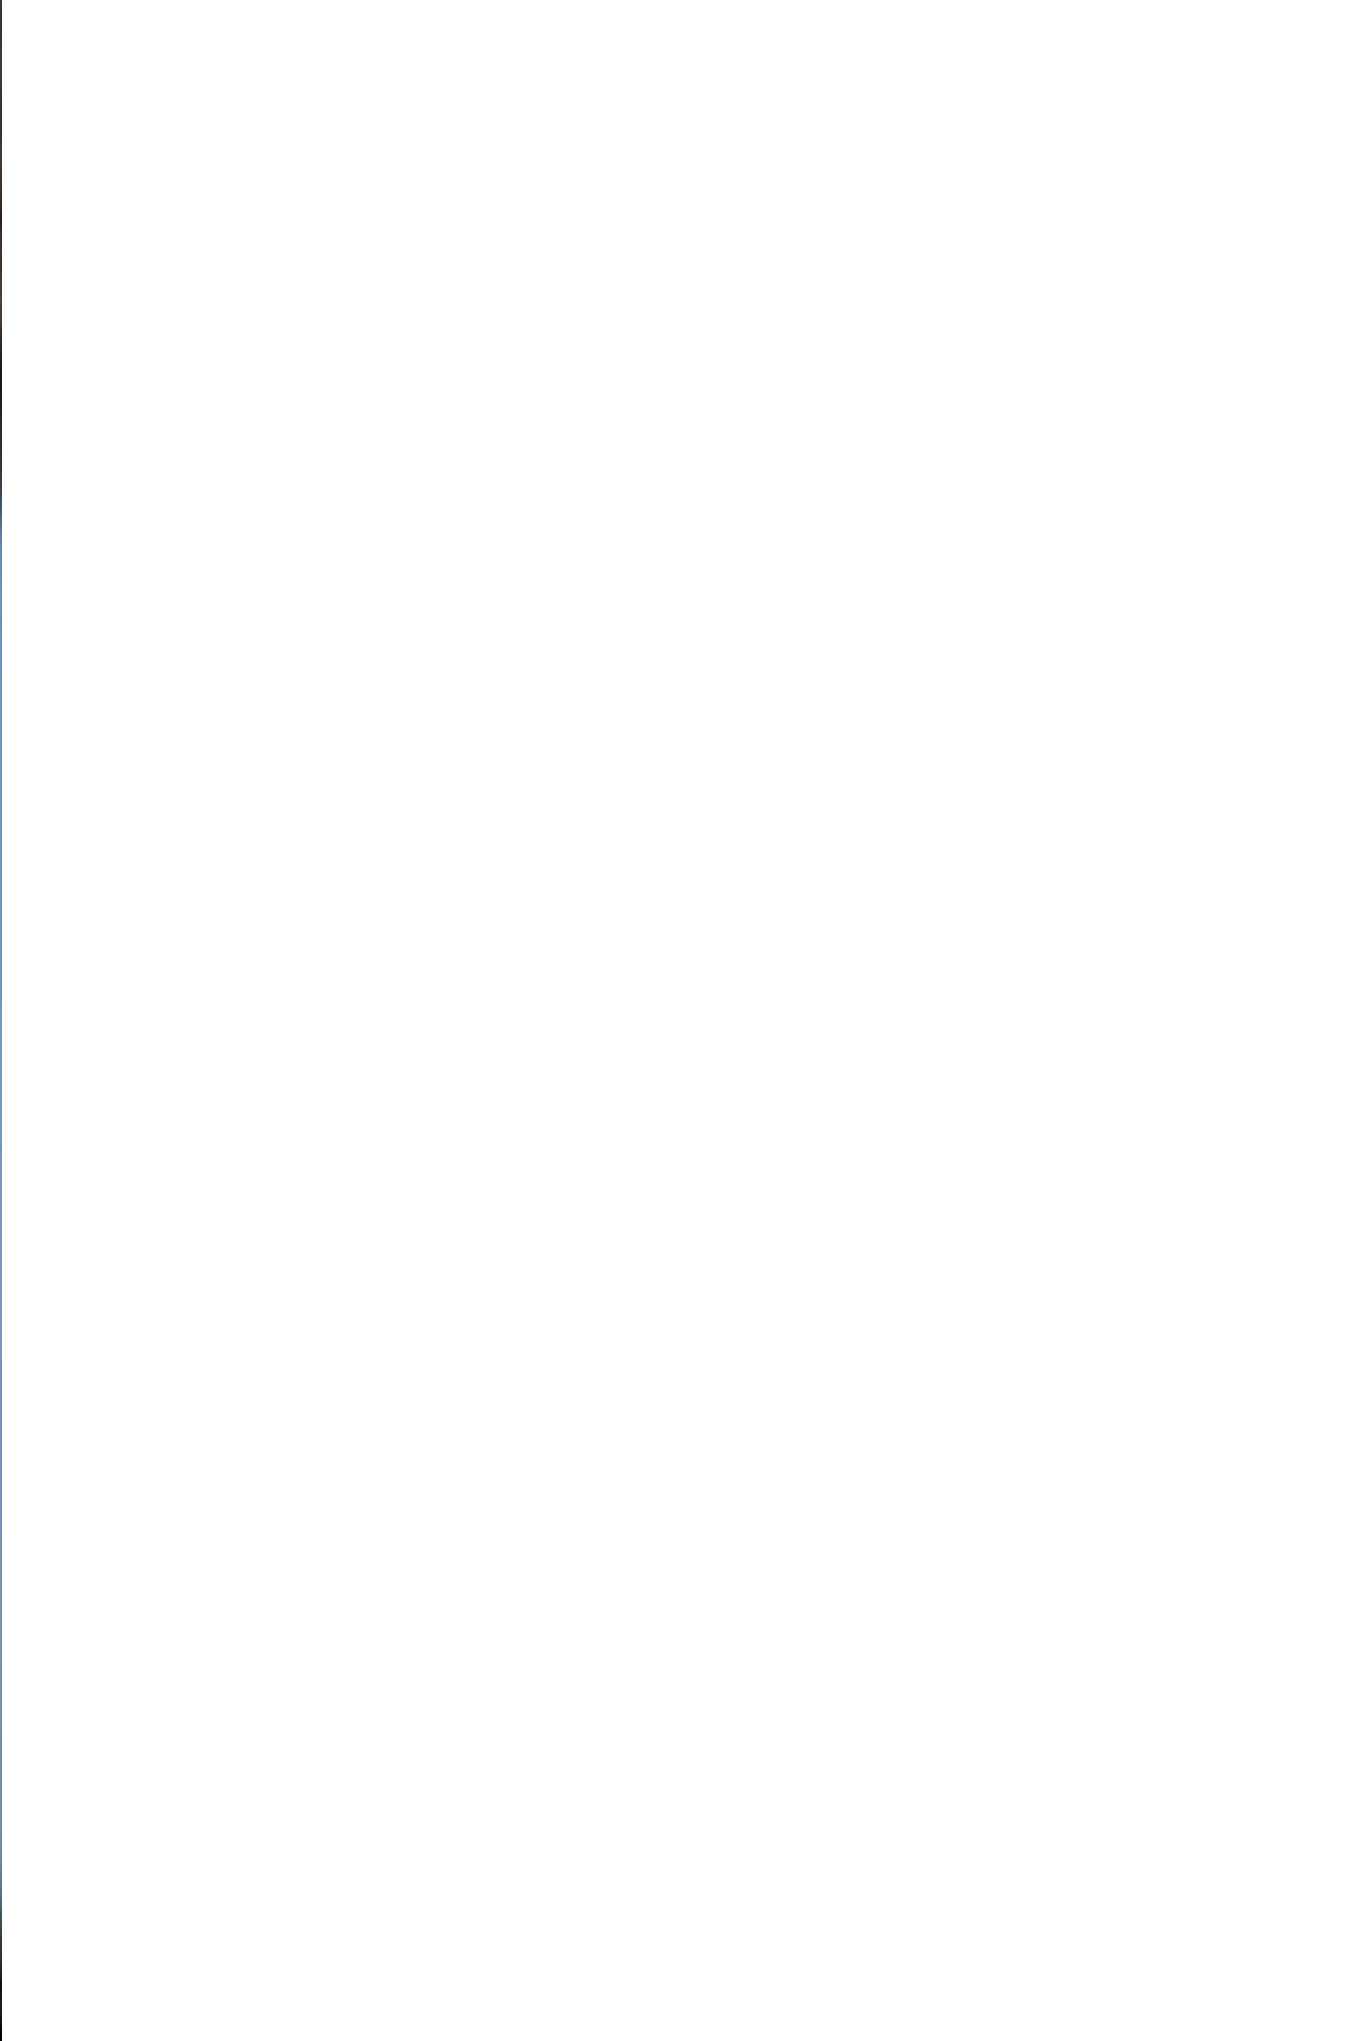

tendencies in a journey made of creation.

Welcome to our dream!

"Multicolore"

*This summer, Home Concept found
inspiration in small details. Most of the times
we forget that happiness is right there, just
around the corner... in the silence of the dawn,
in the beauty of sun shining days, in the
whispering of the wind, in the refreshing
fragrance of a natural and serene
landscape...*

"Koré"

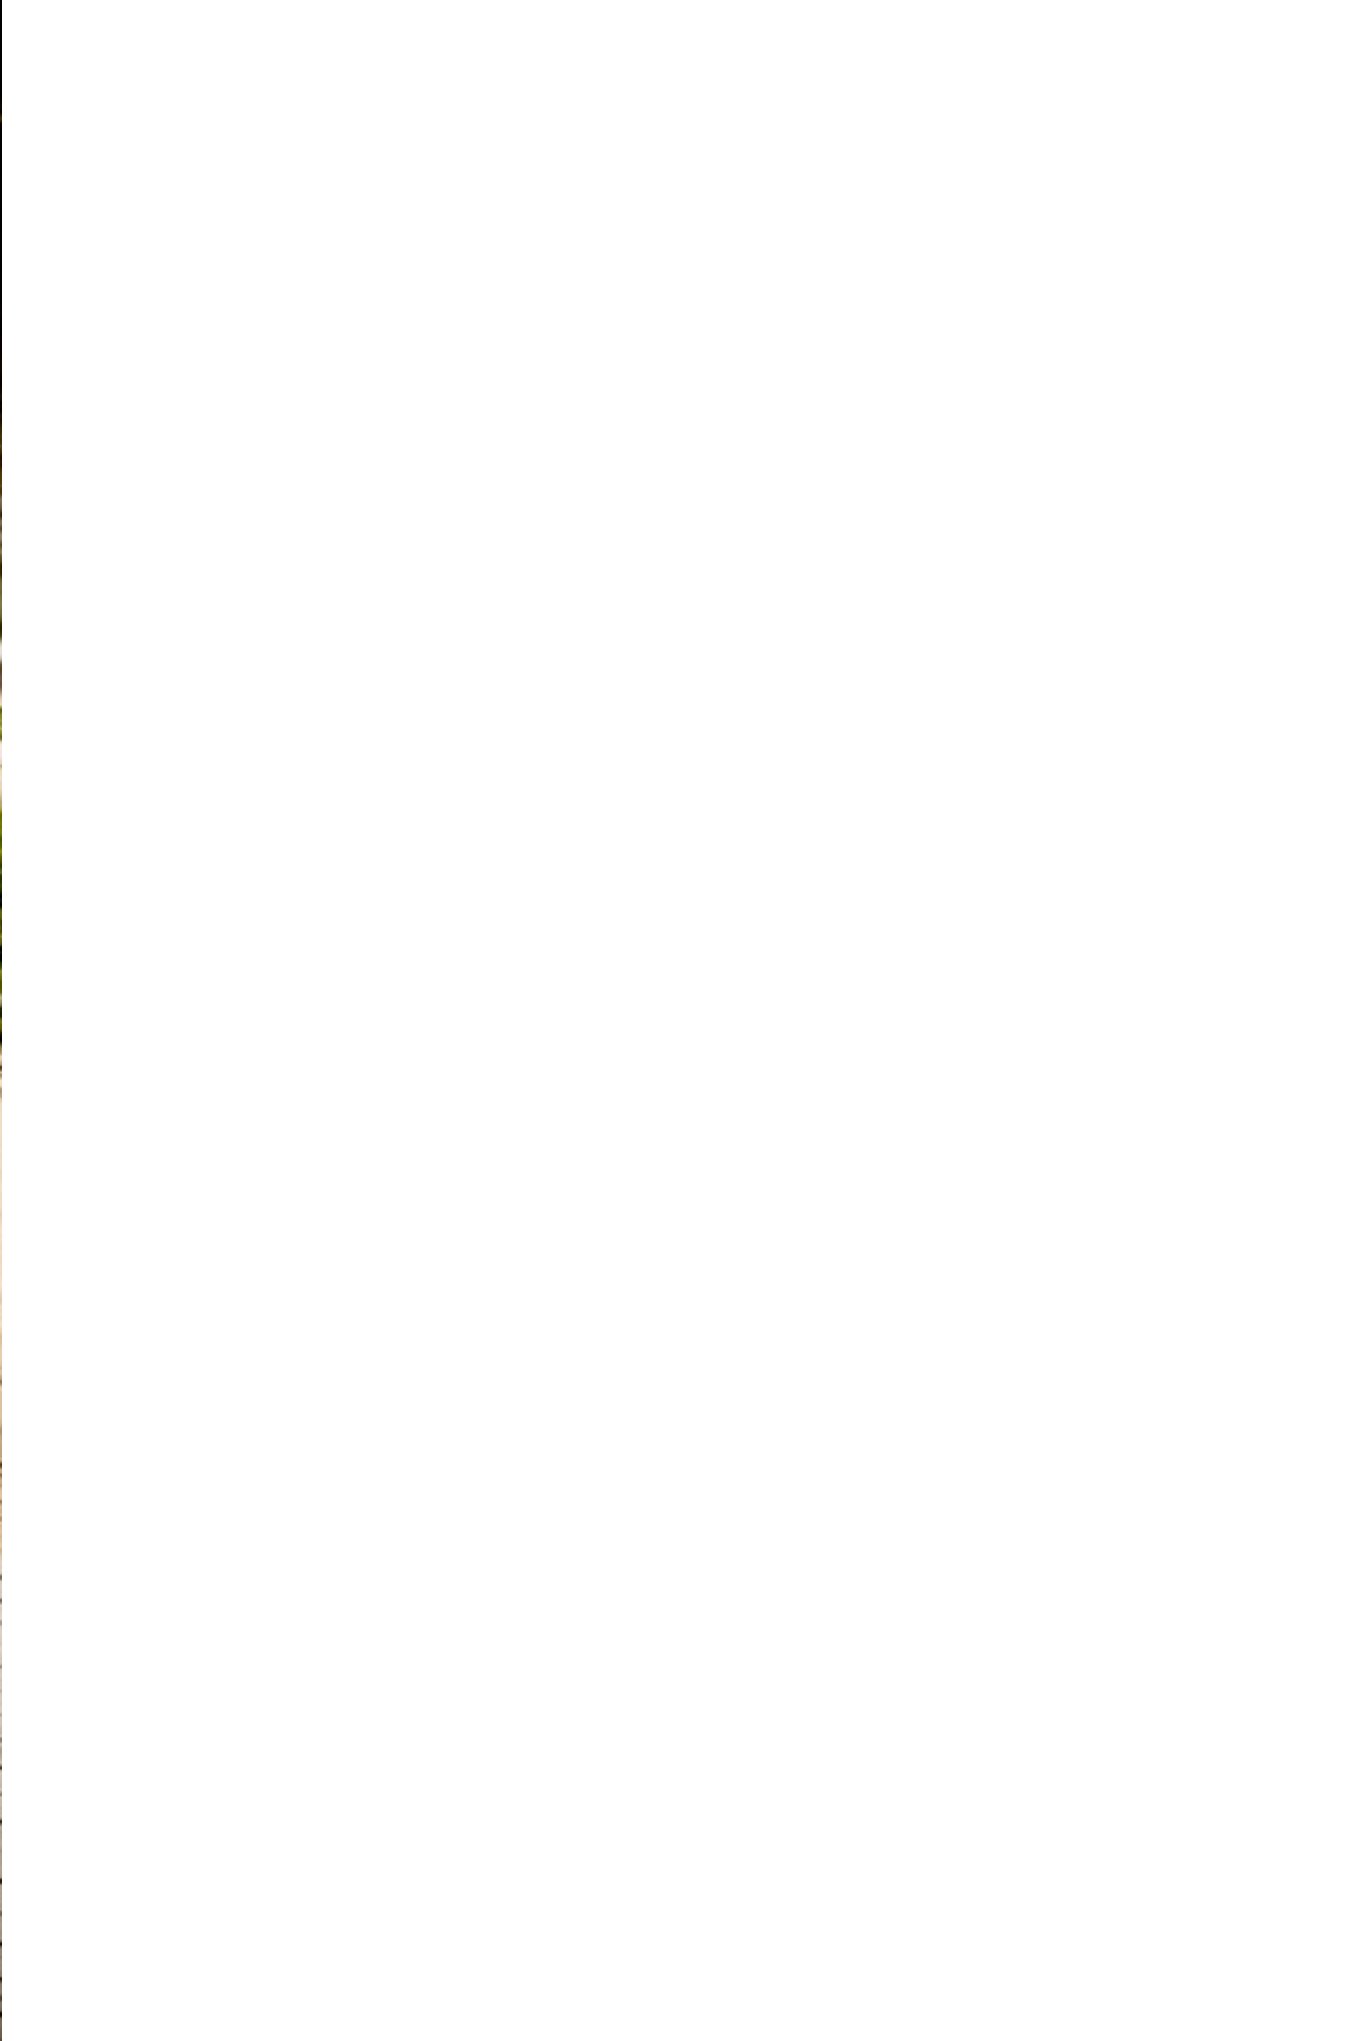

*Home Concept wants to share and spread
our dream... After a long day of work
nothing better than the silence and beauty of a
heavenly place decorated with simple but
comfortable and special details...
Let yourself dream...*

"Bubbly"

*Home Concept believes that miracles
happen filling us with happiness... that little
things can make us smile... the purity of white,
the immensity of the blue sky, the silence of
nature, a myriad of aromas...*

"Pin Point"

*Home Concept has no secrets. Through
emotion and reason, thinking about people
from every corner of the world we just wish to
embellish all homes with glamour, never closing
the doors to imagination...*

"Home Basic"

*Moved by dreams, passion and by the desire
to provide the best, to recreate and renew
environments the last 10 years have been the
perfect balance between creativity and reality!*

Keep following our dream...
